TO CAR-BUILDERS and RAILROAD COMPANIES.—The occupation of my time for some weeks past, in taking testimony to defend my rights, and the rights of the public, against the "Combination" who are seeking to establish a monopoly, that they may extort their own prices for Springs and other Rubber Goods, has prevented my auticing before two advertisements of F. the rights of the public, against the "Combination" who are seeking to establish a monopoly, that they any ertor their own prices for Springs and other Rusber Goods, has prevented my anticing before two advertisements of F. M. Ray and associates—the one containing a certificate of Kimball & Gorton, stating that some of my Springs froze, but which they have never returned, or proved to have been frezen, and the other denying that I obtained the premium of the American Insettic, in October last, for the best Car Spring.

As an effect to that clumey and transparent device, I submit the following from Mewers Lippincoat & Miner, extensive Car Builders, of Mauch Chunk, Pa, one of my customers, who procured from me at the same time, and out of the same lot that Kimball & Gorton's wore sent, six hundred Springs, and used them in the coldest sections of that State. This I consider a sufficient naswer to that manufactured certificate to break down individual energy and enterprise, and build up a vast monopoly.

Mr. H. DAY—Dear Su: We have been using your make of Hubber Springs under the cral cars that we have been making this winter, and are calined that they are the BRET ARTICLE of the kind we have ever seen, and take pleasure in recommending them to those building railroad cars.

Tours, respectfully.

The fact that I am selling for fifty cents as good, if not better Springs than the combination are charging seventy five cents for, and that I now own the only original and genuine patient, will sufficiently explan to the Railroad public why they are resorting to such despicable means to prevent my Springs being tested, and their reputation established with the different roads. I gurrantee my Springs to stand all varieties of climite in the United States, and to wear as long as any other Rubber Spring in the such spring in the same public manner, all other awards to the American Institute awards me the Premium for the best Car Spring after a fair test between mine and Ray's. A STONISHING CURE of PALSY.—

A STONISHING CURE of PALSY.—

This is to certify that I placed myself under the care of Dr. C. W. ROBACK, in April, 1840, owing to a severe and pretracted attack of Palsy, which had resisted the skill of seme eight or nine of our best physicians, who strove to help me, but without avail. A number of my friends advised me to go to Dr. Roback, stating that they had each and all received great benefit, at different times, from his advice and attention. At first I hesitated, but at last resolved to go, and am happy in being able to state that the great man soon gave me relief. In nine months he effected a complete cure; and this is the more wonderful, as I am now in my 70th year. Hundreds are willing to testify to this extraordinary cure. I believe he raised me from the dead.

CONSUMPTION CAN BE CURED.—
Dr. HASTINGS'S COMPOUND SYRUP OF NAPHTHA.—The wonder and doubt felt by the medical faculty
when Dr. Hastings proclaimed the curability of pulmonary
consumption by the use of Naphtha as a remedial agent, has
now, after eight years of trial, settled down into a deep conviction that there are few or no cases in which consumption cannot be cured by Dr. HASTINGS'S COMPOUND

been tried in England or the United States it has been followed by immediate relief and ultimate cure. In the Blenheim Free Dispensary, under the charge of Br. Hastings
